Vice Admiral B. L. Austin, USN  
President, Naval War College  
Newport, Rhode Island

Dear Admiral Austin:

Please excuse my delay in responding to your letter of 22 May. In the interim, we have been screening bibliographies which have been prepared for our own use. We have selected several which seem pertinent to your expressed interest and are forwarding them under separate cover.

Included in the package is our standard Public Texts in Intelligence and a selected annotated reading list on guerilla warfare and counter-insurgency which was issued in 1962. The latter bibliography is currently under revision, and we will send you a copy of the updated version when it is published later this summer.

The bibliographies on counterinsurgency in the 12 countries you mention in your letter present some problems in compilation, since we do not presently have lists so arranged. We intend to do some bibliographic work on these areas; but, in the meantime, if a member of your faculty or library staff is in Washington, [ ] our Librarian, will be glad to discuss our source materials on these or other subjects of interest to you.

We are glad to be of service to you.
